Domestic Portraits

Tacchini è attualmente un punto di riferimento nel settore dell'arredamento, grazie alla sua costante ricerca stilistica e funzionale, alla cultura del progetto e di prodotto, all'attenzione per le persone e per l'ambiente. Con i suoi arredi, Tacchini mira a migliorare la qualità degli spazi privati e pubblici, in un mondo in cui cambiano costantemente bisogni, tecnologie e stili di vita.

Tacchini is nowadays a reference point in furniture business, thanks to its constant stylistic and functional research, project and product culture, care for people and environment. With its furniture, Tacchini wants to improve home and public spaces' quality, in a world dominated by constant changing in needs, technologies and new lifestyles.

La casa Tacchini è un luogo dell'anima. Raggi di luce si allungano sul tappeto, segnando l'inizio di una nuova giornata. Le ore scorrono lente. Il silenzio del pomeriggio è una coperta dimenticata distrattamente. E poi passi a piedi nudi su pavimenti d'altri tempi, mentre il sole cala dietro i rami di una magnolia. Vi presentiamo i nostri ritratti di interni domestici. Dove ogni oggetto è una storia e ispira una storia, dentro spazi che sono quelli di casa.

Our Home is a place of the soul. Rays of light on the carpet highlight the beginning of a new day. The hours pass by slowly, the afternoon silence is like a distractedly forgotten blanket. And then barefoot steps on ancient floors, while the sun goes down behind the branches of a magnolia tree. We introduce our portraits of domestic's interiors where each object is a story and inspires a story, inside the spaces of the home.

Tacchini is a philosophy. Behind every object there is a story and behind every story there is a person. We fall in love with our products, their stories and the stories of those who have produced them, and continue to make things by hand — so that this story continues, is passed on by the designer to the creator, and from the creator to the future owner of the product. And then, it continues further.
